## Future Commercial Satellite Communications (COMSATCOM) Services Acquisition (FCSA)

### End-to-End Solutions

Customer defined, End-to-End solutions, consisting of a combination of bandwidth, teleport access, terminals, terrestrial tail circuits, network management, and engineering services via **General Services Administration (GSA) Custom Satellite Solutions–Small Business (CS2-SB)**

### CS2-SB Features

- Type of contract: Multiple award, indefinite delivery, indefinite quantity (IDIQ)
- Period of performance: Three-year base, two one-year options (first base year began 2 February 2012)
- Ceiling: \$900 million
- Type of task order: Fixed price
- Customer Funding Method: Military Interdepartmental Purchase Request (MIPR)
- Adheres to federal information assurance requirements, including the Federal Information Security Management Act of 2002 (FISMA) and the Committee on National Security Systems Policy (CNSSP) 12
- Industry partners can fulfill smaller, less complex end-to-end satellite solutions needs
- Includes any combination of:
  - Fixed satellite services (FSS) or mobile satellite services (MSS) components
  - Service enabling components such as terminals, teleport, and terrestrial interface tail circuits
  - Licensing, integration, installation, testing, network management, engineering and training

For new requirements, please contact your appropriate GSSC/RSSC.

For questions and information, please contact the COMSATCOM Center.

## Coming Second Quarter FY12:

### Custom Satellite Solutions (CS2)

Industry partners can fulfill larger, highly complex end-to-end satellite solutions needs

## CS2 Features

- Type of contract: Full and open, multiple award IDIQ
- Period of performance: Three-year base, two one-year options
- Ceiling: \$2.6 billion
- Type of task order: Fixed price
- Customer Funding Method: MIPR
- Adheres to federal information assurance requirements, including the *Federal Information Security Management Act of 2002 (FISMA)* and the *Committee on National Security Systems Policy (CNSSP) 12*
